About Us:

Srinivas Institute of Management Studies, established in 1999 under the aegis of A. Shama Rao Foundation, is a premier education institution imparting innovative and quality education to youth in areas of Business Management, Commerce, Social work and Computer Applications, affiliated to Mangalore University and approved by AICTE, New Delhi. The Institute is accredited with 'A Grade' by National Assessment and Accreditation Council (NAAC). Keeping pace with the emerging challenges, the College is imparting students and faculty with skills knowledge and necessary for success in a dynamic educational scenario and employment market. The campus is located at Pandeshwar, the heart and employment market. The campus is located at Pandeshwar, the heart of downtown of Mangaluru, the business and financial centre of Western Karnataka.

About the Conference:

The influence of education, training and employment is a long-standing topic in social science, Information Technology and Management. The education should promote smooth employment; increase the scope for employment and decent incomes by improving people's efficiency. The process of educational development will bring change in educational structure. The studies says, that the development of education is beneficial to increase in employment rate, the increase in the proportion of the laborers with junior school education has negative effects on employment, and the development of higher education creates positive effects on the employment. In a tough jobs market young people need to prove they have the professional skills to succeed. But commonly known, the gap between education and the workplace is a wide one. Skills and education will improve the employability skills and develop the entrepreneurial talents that will bridge the gap. The Skills for Education and Employment should provide training to eligible job seekers, to help them to participate more effectively in the job market. Keeping in mind the two concepts Education and employment the National level conference is organized for all the researchers.

Objectives:

- To analyze the challenges of education and employment in social science, information technology and the field of management.
- To Sensitize on building harmonious relationships between management and labour for higher productivity of labour and industrial progress in the country.
- To introduce new strategies and Soft Skills training for employability to compete with the existing job market
- To identify new methods for building competency skills in order to resolve various forms of conflicts and ensure industrial peace by providing the best to its employees.
